3. Standard Syma Specifications

Standard Syma Stand

Please note: With stand sizes smaller than 21 sqm booking a Standard Syma Stand stand construction or any other **Fairconstruction** design with the organiser is **compulsory**.

Exhibitors who have ordered Maxima/maxima Plus stands will receive a stand erected to the following specifications:

Floor covering - All stands are carpeted.

Walling - Each booth is constructed using our SYMA X-WALL aluminium profile. The structure includes a pre-assembled 3mH frame and a fascia beam. No fixings may be made to the walls. Panels are sized as per the following restrictions. Corners and end panel dimension is 980mm x 3000, Panels in between will be at 9800mm x 3000mm.

Fascia - 400mm high panel (clear dimensions) on SYMA frame. Additional supports shall be provided at corners and where open side exceeds 3000mm in length.

Name Board (Fascia) - Stand lettering fitted to the fascia. Where the stand fascia exceeds 3000mm, an additional name panel will be fitted. Only exhibitors with Standard Shell Scheme stands will be provided with a stand name and number on the stand fascia. No company logos or fittings may be attached to the name panel or fascia.

Electrics / Lighting - With each 9 square meters, 3 x 20W SYMA LED Spotlights are fitted behind the fascia-board or to the support beam and 1 x socket outlet (3-pin UK Standard Socket 200Watts / 220V) is provided at 40 cm from floor level on the rear wall otherwise requested to be moved on a different location. If you require your power socket to be positioned in specific locations on your stand a grid plan must be submitted 15 days before build up. If you do not indicate positions, the fittings will be fixed in positions by our staff and any changes/relocation onsite will incur charges amounting to AED 50.00

Head and Island Stands - Head Stands (3 open sides) will only have one wall constructed. Island Stands do not normally come with any walls. If required, the allowance is 1 wall panel per 3 sqm of stand space. The position of any panels required must be clearly marked on a grid plan that will be part of the exhibitor manual and must be submitted to the stand constructor not later than 14 days prior to the start of build up.

Furniture - refer to the above configuration and for extra orders, please contact fairconstruction@uae.messefrankfurt.com or visit www.fairconstruction.com

IMPORTANT - Exhibitors will be liable for payment for damaged panels.

4. Country Pavilions

Exhibitors of Country Pavilions (Joint Presentation) will get stand construction as per agreed design and details.

Please note that in these cases the company providing additional furniture and decoration items will be the same company that is building the stands. This might not be the same company which is providing the Maxima stands. Please refer to your pavilion organizer for details and price lists.

5. Space Only Stand Specifications

The Space Only option does not include any stand fittings, flooring or electrics, but enables the exhibitors to create their own individual stand build.

Please ensure that your stand design does not include the standard shell scheme as this is provided by our Official Stand Contractors only and plans containing shell scheme will be rejected.

Exhibitors arranging their own stand fitting are reminded that, where their stand joins another Exhibitor's area, the back of any dividing walls, panels or exhibits must be painted white or masked to present a neat appearance. It is the responsibility of Exhibitors not taking shell stands to make their own arrangements for the provision of suitable floor covering for their area and also to ensure their stand number is clearly displayed.

Since no power supply is included in space only sites, a separate application for the mains supply must be made to the Official Contractors at least two months before the event, using the forms in the Exhibitor Information Manual.

All Space Only Exhibitors must submit dimensional drawings of their proposed stand design to the Organisers' for approval no later than the scheduled deadline. Please complete and return the corresponding order form from the Exhibitor Information Manual. The Organisers' reserve the right to reject a design likely to unreasonably affect nearby Exhibitors' sites in any way.

Stand fitting and display work to space only sites must not exceed an overall height of 2500mm without the Organisers' written permission. With permission, the total possible height to which you may construct your stand is 6000mm depending on the hall & location within the hall. Applications should be made in writing to the Organisers' and be accompanied by a scale drawing. Such applications should be made at least four weeks prior to the Show.

If a space only exhibitor needs to hire furniture, they can only order from their stand builders. Furniture will not be readily available on site. Exhibitors' stand fitting contractors can commence work on space only stands on the date scheduled in the Deadline Checklist that is part of the Exhibitor Information Manual.
