Superpause - your skin's ultimate support during hormonal changes.

Introducing *Superpause Restorative Facial Cream* – specially crafted for the unique skin needs during hormonal transitions, including menopause, *Superpause* offers rich nourishment and care from perimenopause to postmenopause.

This ultra-rich, vegan formula delivers proven results, reducing the appearance of fine lines while enhancing skin elasticity. Clinical studies show an increase in skin hydration by up to 43% just one hour after the first application.

Enriched with advanced ingredients such as liposomal melatonin, chasteberry extract, and natural glycoin, *Superpause* helps improve skin texture and tone, leaving your skin looking smooth, restored, and revitalized. Inspired by cutting-edge research in hormonal health, this multi-correctional cream enhances the skin barrier and reveals a luminous, youthful glow.

Make every pause a superpause.
